QUIKREEL

THE INNOVATIVE SPINNING CABLE DISPENSER

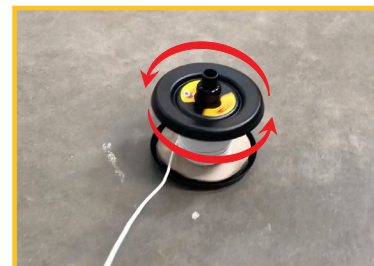

QUIKREEL

SR-QR

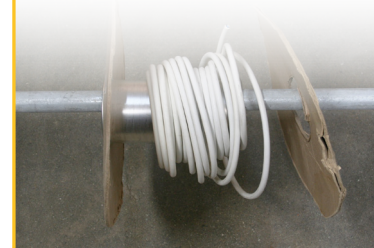

- The Quikreel is designed on the principle of a spinning top, allowing the user to easily load and draw cable from the reel. This enables the reel to rotate on its own axis, whilst remaining stationary
- The Quikreel turns into a cable repair tool by simply removing the bottom stop and placing on a cable spooler. This helps you to stop wasting time and money caused by wet or damaged cable drums
- Designed to be used with most popular cable reels.
- Lightweight, sturdy and compact
- Time saving and trouble free wiring
- Move with ease from one area to the next without any disassembling

PROBLEM SOLVED

Pull cable quickly and easily without dragging or damaging your cable drum

SAVE DAMAGED CABLE DRUMS
