SR-QR - QUIKREEL

Quikreel is designed on the principle of a spinning top, allowing the user to easily load and draw cable from the reel. This enables the reel to rotate on its own axis, whilst remaining stationary. It can be used with most popular cable reels and to repair damaged cable drums.

SRJK-PLUS - CABLE JACK PLUS

The light weight design is easy to set up and folds away flat for convenient storage. The three poles provided, hold up to 70kg of most standard cable sizes. It can also be used as a portable pipe vice or works bench for general cutting or drilling applications. The handles enable you to move cable with ease.

SRBAG - CARRY CASE

ALL OF YOUR KIT IN ONE PLACE

The Super Rod Carry Case is the perfect holding device to house your Super Rod products. The case can hold several tubes of rods as well as various accessories.

LISTENS INNOVATES DELIVERS

SRDA.1 - DUOXIM ARBOR

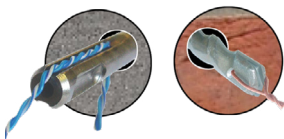

ENLARGE EXISTING HOLES IN SECONDS

The Duoxim Arbor enlarges existing holes in seconds. Simply screw the desired size hole saw onto the arbor and reconnect the previous size hole saw. Next, lock the pins into place and enlarge your hole. One product - dual functionality!
(For use with hole saws 32mm and up - hole saws not included)

QUICK DRILLS

THE ONE TOOL SOLUTION TO CABLE GUIDING

Why buy several tools when you can use just one. Users can drill a cavity wall in the normal way, connect the cable and pull it through the cavity.

SRQD10

10 mm Quick Drill

400 mm Length.

SRQD16

16 mm Quick Drill

600 mm Length.

SLEEVED QUICK DRILLS

SRSDQ22

22 mm Sleeved Quick Drill

SRSDQ28

28 mm Sleeved Quick Drill

SRSQS22

4X Quick Sleeves 22 mm

SRSQS28

4X Quick Sleeves 28 mm

Drill bit and sleeve technology that simplifies passing of cable or pipe through cavity walls. Secure installation. Sleeve compacts and locks on entry to create a clear passage for service installs.

CRCM1 - CAVITY MASTER

GAIN ACCESS TO FLOORS IN SECONDS

By using the Cavity Master tool, floors and wall spaces are quickly opened and sealed with the closure plates provided. 102mm hole size.

CRCAPS - Solid Cover Plates

Seal cavities in floor boards with ease.

CRCAPM - Mesh Cover Plates

Designed to seal cavities in plasterboard.

CABLE JACK & RACK-A-TIER

SRJK - Cable Jack

The cable spooling device that holds up to 35kg of weight. It comes supplied with a 4.4cm diameter, 45cm length tube, along with metal collars and legs to form an A frame.

SRAT - Rack-A-Tier

Dispense cable from spools of various sizes. It can also be used as a pipe vice, saw horse, work bench, caddy, seat, shelf, plus many other uses.

LEAK MATE & STING RAY

SASR - Sting Ray

The professional way to route cable over a ceiling. The Sting Ray protects ceilings and stops cables from damaging.

SR-LM - Leak Mate

The Leak Mate is a re-usable temporary seal for pipework, that seals completely around the damaged pipe in seconds. Simple and easy to install.

FLAT RAT & CABLE RAT

The Flat Rat is an innovative cable spooling device that allows you to route and retrieve cable above ceilings, behind walls, under floors and through other contained areas.

The Cable Rat Plus is made from a specialised material with a low surface friction. Specifically designed to provide less resistance when pulling through populated conduit. 20m and 30m versions available.

LISTENS INNOVATES DELIVERS

ATTACHMENTS

CRSB - Super Beam

Illuminate any dark space with this highly useful torch attachment. Simply screw onto the end of your rod to activate.

CRCM - Chain & Magnet

A simple but effective method for routing cable.

Screw the chain onto the end of your rod and locate with the Super Magnet.

SACLAW - Claw

Use two attachments at once to route and retrieve.

SAGLIDER-P - Glo Glider

Absorbs light when exposed to it and discharges in the dark so you can see where your rods are going. Glide over uneven surfaces or suspended ceiling tiles with ease.

SUPER GRIPS

Single Packs:

CRSK-0406 - 04-06 mm Super Grip

CRSK-0610 - 06-10 mm Super Grip

CRSK-1115 - 11-15 mm Super Grip

CRSK-1622 - 16-22 mm Super Grip

CRSK 2330 - 23-30 mm Super Grip

Multi Packs:

CRSK-0415 - 04-15 mm Super Grips 3pk

CRSK-0615 - 06-15 mm Super Grips 2pk

CRSK-1630 - 16-30 mm Super Grips 2pk

CRSK-0430 - 04-30 mm Super Grips 5pk

CRSKD-1114 - DOUBLE ENDED SUPER GRIP

The purpose of the Double Ended Super Grip is to speed up the installation of new cables into a pre-existing installation. Attach the old cable to one end and the new cable to the other end. Pull the old cable out, whilst pulling the new cable through. Inner diameter of 11 mm - 14 mm.

SR-TP - TELESCOPIC POLE

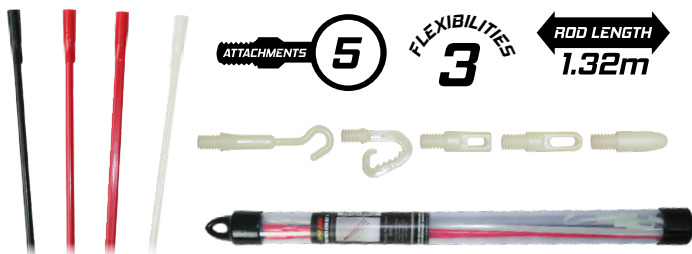

Extends from 0-5.6m in 10 seconds. Ideal for working at height, across loft spaces and under floors. Includes a platform that allows the use of 3 attachments.

SR-R2 - Testing Lead Works in conjunction with the telescopic pole, enabling users to make contact with conductive parts on any electrical equipment.

SRPRS - POLYMER ROD SET

THE INNOVATIVE NON-CONDUCTIVE ROD SOLUTION

TOOL BOX SETS

The Tool Box and Handy Sets are ideal for working in confined spaces. They are compatible with our main rod set range.

CRTB - Tool Box Set

A set of rods 330 mm in length

CRHS - Handy Set

A set of rods 500 mm in length
